Plan Provision	Submitter Name	Submission point number	Support /oppose	Summary of decision requested
5.7 Coastal management rules	CentrePort Limited (CentrePort)	S121/105	Amend	Consider restructuring the Coastal Management Rules to make it clear what rules apply to the commercial Port Area and those that do not.
5.7 Coastal management rules	GBC Winstone	S66/029	Amend	Clarify the extent of application of the rules in 5.7, Coastal Management.
5.7 Coastal management rules	Joan Allin and Rob Crozier	S175/062	Amend	In the rules that permit discharge of contaminants, remove the confusing interaction between the coastal management general conditions and the rules that refer to them, preferably by indicating that general condition (e) does not apply. Revise the rules and general conditions to deal with the concerns expressed throughout the submission.
5.7 Coastal management rules	Joan Allin and Rob Crozier	S175/061	Amend	Reconsider all references to "open coastal water" throughout the PNRP and replace them with "water".
5.7 Coastal management rules	Rangitane o Wairarapa Inc	S279/213	Amend	The rules in this section that require discretionary or non-complying consent for activities within sites identified in Schedules A to F are supported. Where rules do not require discretionary or non-complying consent for activities within sites in those schedules, rules should be amended or added to do so. Rules should be amended and added to manage the actual and potential effects of oil and gas exploration and extraction, and mining of minerals and other materials from the coastal marine area, through resource consents of a status no lower than restricted discretionary activity status.
5.7 Coastal management rules	Royal Forest and Bird Protection Society	S353/158	Support in part	Amend Schedules to ensure that apply to coastal environment not on CMA.

5.7 Coastal management rules	Transpower NZ Ltd	S165/075	Amend	Retain the coastal management general conditions specified in Section 5.7.2 except as follows: Amend or remove standard (b) to clarify what is the intent of the standard, as follows; Standard (b) any disturbance of the foreshore or seabed is removed in 48 hours.
5.7 Coastal management rules	Transpower NZ Ltd	S165/076	Not stated	Add an additional Rule R156A: Activities associated with the National Grid on the foreshore and in the Cook Strait Cable Protection Zone, including those within Schedule C (mana whenua sites of significance) - permitted activity [see original submission for suggested wording]
5.7 Coastal management rules	Coastal Ratepayers United Incorporated	S93/086	Amend	Reconsider all references to "open coastal water" throughout the PNRP and replace them with "water" or if there is a valid reason why "water" is not acceptable, then with "coastal water".
5.7.2 Coastal management general conditions	CentrePort Limited (CentrePort)	S121/106	Oppose in part	Amend the coastal management general conditions by either: 1. deleting general condition (c), or 2. Amend Map 30 to more accurately reflect the extent of the Aquifer, or 3. Exclude the Commercial Port Area in the rule [from having to meet condition (c)].
5.7.2 Coastal management general conditions	CentrePort Limited (CentrePort)	S121/107	Support in part	Amend Coastal Management General Management Condition (u) as follows: (u) Port Noise Management Plan CentrePort shall at all times operate in accordance with the <u>current</u> Port Noise Management Plan for CentrePort Ltd

Rule R186: General surface water and foreshore activities - restricted discretionary	CentrePort Limited (CentrePort)	S121/131	Support in part	Amend Rule R186 to add a note excluding activity in the Commercial Port Area.
Rule R186: General surface water and foreshore activities - restricted discretionary	Wellington International Airport Limited	S282/068	Oppose in part	Amend Rule R186 as follows: Matters for discretion ...7. Effects on a site or habitat identified in or using Schedule C (mana whenua), Schedule F4 (coastal sites), Schedule F5 (coastal habitats), <u>or</u> Schedule J (geological features) or Schedule K (surf breaks)
Rule R187: General surface water and foreshore activities - discretionary activity	NZ Transport Agency	S146/211	Support in part	(i) the activity shall comply with the coastal management general conditions specified above in Section 5.7.2.
5.7.12 General disturbance activities	NZ Transport Agency	S146/213	Not stated	Add a new rule which specifically provides for disturbance or damage of the foreshore or seabed inside a site of significance as a discretionary activity where there is a functional and operational need.

Rule R189: Clearance of stormwater pipes - permitted activity	Kapiti Coast District Council	S117/075	Support	Retain the provision
Rule R189: Clearance of stormwater pipes - permitted activity	Wellington Water Limited	S135/185	Support	Support
Rule R189: Clearance of stormwater pipes - permitted activity	CentrePort Limited (CentrePort)	S121/132	Support	Retain Rule R189 in its current form.
Rule R189: Clearance of stormwater pipes - permitted activity	Porirua City Council	S163/142	Support	[Retain]
Rule R190: Launching, retrieving or temporary mooring of vessels - permitted activity	Conrad John Toussaint Edwards	S73/002	Amend	[See submission point S73/001].
Rule R190: Launching, retrieving or temporary mooring of vessels - permitted activity	Hiwi Trust	S332/045	Amend	[Either the decision requested in submission points S332/043 & 44] OR amend Rules R190 and/or R198 to allow the current motor vehicle activity for the purpose of launching and retrieving boats to continue as a permitted activity [at the ramps on the Stony Bay - Sandy Bay foreshore].
Rule R190: Launching, retrieving or temporary mooring of vessels - permitted activity	Titahi Bay Residents' Association	S272/013	Amend	Reinstatement of Coastal Plan Rule 29 (2) Conditions (7) If the activity is carried out on Titahi Bay beach, it shall be carried out by or on behalf of a local authority to maintain amenity values and any vehicle used shall not have tracks and the activity is not to involve recontouring or reshaping. Reinstatement of the essence of Coastal Plan Rule 82 (albeit with a changed centre-beach area), which provides prohibition of motor vehicles, motorcycles, trailers and land yachts on Titahi Bay Beach within the centre of Titahi Bay...; and any part of the remaining foreshore at Titahi Bay where any fossil forest is exposed. Prohibition of tracked vehicles on any part of the foreshore and seabed of Titahi Bay beach.

Rule R190: Launching, retrieving or temporary mooring of vessels - permitted activity	Porirua City Council	S163/143	Amend	Provide clarification to address the concerns raised in the comments [regarding situations where there is no boat ramp at the locality, the meaning of "exposed", and which rule applies to activities that do not meet the conditions of R190]
Rule R190: Launching, retrieving or temporary mooring of vessels - permitted activity	South Wairarapa District Council	S366/002	Oppose	Schedule F2c and the associated Map and GIS be updated to identify the existing boat launch sites, including access; and excluded from the provisions in Rule R198; and provided for as a permitted activity in Rule R190.
Rule R190: Launching, retrieving or temporary mooring of vessels - permitted activity	Masterton District Council	S367/002	Oppose	Schedule F2c and the associated Map and GIS be updated to identify the existing boat launch sites, including access; and excluded from the provisions in Rule R198; and provided for as a permitted activity in Rule R190.
Rule R191: Disturbance associated with beach grooming - permitted activity	Greater Wellington Regional Council	S133/018	Amend	Amend to include the requirement that beach grooming activities controlled by this rule meet the coastal management general conditions.
Rule R191: Disturbance associated with beach grooming - permitted activity	Kapiti Coast District Council	S117/076	Support	Retain the provision
Rule R191: Disturbance associated with beach grooming - permitted activity	Friends of Taputeranga Marine Reserve Trust	S69/008	Not stated	Make beach grooming at least a Discretionary or Restricted Discretionary activity (if not non-complying) within the marine reserve areas and other sites of significance.
Rule R191: Disturbance associated with beach grooming - permitted activity	Conrad John Toussaint Edwards	S73/003	Amend	[See submission point S73/001].

Rule R191: Disturbance associated with beach grooming - permitted activity	Wellington City Council	S286/051	Amend	Clarify whether beach grooming at Island Bay is a permitted activity. If not WCC submits that beach grooming at Island Bay should be permitted. Ensure that there are no other places within Wellington City (or the Region) where condition (f) of Rule 191 conflicts with the primary part of the rule.
Rule R191: Disturbance associated with beach grooming - permitted activity	Titahi Bay Residents' Association	S272/014	Not stated	Reinstatement of Coastal Plan Rule 29 (2) Conditions (7) If the activity is carried out on Titahi Bay beach, it shall be carried out by or on behalf of a local authority to maintain amenity values and any vehicle used shall not have tracks and the activity is not to involve recontouring or reshaping. Reinstatement of the essence of Coastal Plan Rule 82 (albeit with a changed centre-beach area), which provides prohibition of motor vehicles, motorcycles, trailers and land yachts on Titahi Bay Beach within the centre of Titahi Bay...; and any part of the remaining foreshore at Titahi Bay where any fossil forest is exposed. Prohibition of tracked vehicles on any part of the foreshore and seabed of Titahi Bay beach
Rule R192: Beach recontouring for coastal restoration purposes - controlled activity	Wellington International Airport Limited	S282/069	Amend	Amend Rule R192 as follows: Matters of control ...6. Effects on sites and habitats identified in or using Schedule C (mana whenua), Schedule F2c (birds-coastal), Schedule F4 (coastal sites), Schedule F5 (coastal habitats) or Schedule J (geological features) and Schedule K (surf breaks)
Rule R192: Beach recontouring for coastal restoration purposes - controlled activity	Joan Allin and Rob Crozier	S175/067	Amend	Refer to decisions requested in submission point S175/055 and S175/060.

Rule R192: Beach recontouring for coastal restoration purposes - controlled activity	Titahi Bay Residents' Association	S272/015	Amend	Reinstatement of Coastal Plan Rule 29 (2) Conditions (7) If the activity is carried out on Titahi Bay beach, it shall be carried out by or on behalf of a local authority to maintain amenity values and any vehicle used shall not have tracks and the activity is not to involve recontouring or reshaping. Reinstatement of the essence of Coastal Plan Rule 82 (albeit with a changed centre-beach area), which provides prohibition of motor vehicles, motorcycles, trailers and land yachts on Titahi Bay Beach within the centre of Titahi Bay...; and any part of the remaining foreshore at Titahi Bay where any fossil forest is exposed. Prohibition of tracked vehicles on any part of the foreshore and seabed of Titahi Bay beach
Rule R192: Beach recontouring for coastal restoration purposes - controlled activity	Coastal Ratepayers United Incorporated	S93/086	Amend	[See decision requested for submission point S93/070]. Reconsider why Rule R119 is a permitted activity but Rule R192 is a controlled activity and make them both either one way or the other. Consider whether reference to diverting water should be included in all of these rules as moving material for the beach grooming could arguably result in diversion of water when the water reaches that area.
Rule R193: River and stream mouth cutting - permitted activity	Susie Mills	S161/001	Amend	Submitter requests that a more comprehensive approach and range of options are considered for the trigger points at the Waimeha stream mouth. Kapiti Coast District Council and any other person should be able to act if a trigger point is reached - not just Greater Wellington Regional Council.
Rule R193: River and stream mouth cutting - permitted activity	Kapiti Coast District Council	S117/077	Support	Retain the provision
Rule R193: River and stream mouth cutting - permitted activity	John Morrison	S72/001	Amend	Clarify what is proposed to control the Waimeha Stream at Waikanae. Identify triggers for intervention which protect against excessive dune destruction. Require intervention within a faster time frame than at present.
Rule R193: River and stream mouth cutting - permitted activity	Wellington Recreational Marine Fishers Association	S32/017	Amend	[See submission point S32/016 e.g. amend Schedule U (trigger levels for mouth cutting)]

Rule R193: River and stream mouth cutting - permitted activity	Masterton District Council	S367/129	Amend	Insert "Okau Stream" into the list at Rule R193(e)
Rule R193: River and stream mouth cutting - permitted activity	Joan Allin and Rob Crozier	S175/068	Amend	<p>Change the references from "river and stream" to "river (including stream)" here and anywhere else such terminology occurs in the PNRP.</p> <p>Change the reference in (c) from "open coastal water" to "water" and anywhere else inappropriate "open coastal water" terminology appears in the PNRP.</p> <p>Check the list of associated activities, remove the duplicated reference to "discharge of contaminants", consider whether in this rule and in all other rules the location of the discharge of contaminants should be specified rather than being silent, and make the list complete and consistent with equivalent lists in all other rules.</p> <p>Create a new rule that is the equivalent of Rule 193 but that deals with river and stream mouth cutting in the beds of rivers (including streams) or otherwise ensure that appropriate provision is made for such activities in beds of rivers (including streams).</p>
Rule R193: River and stream mouth cutting - permitted activity	South Wairarapa District Council	S366/129	Amend	Insert "Okau Stream" into the list at Rule R193(e)
Rule R193: River and stream mouth cutting - permitted activity	Coastal Ratepayers United Incorporated	S93/086	Amend	<p>Change the references from "river and stream" to "river (including stream)" here and anywhere else such terminology occurs in the PNRP.</p> <p>Change the reference in (c) from "open coastal water" to "water" and anywhere else inappropriate "open coastal water" terminology appears in the PNRP.</p> <p>Remove the duplicated reference to "discharge of contaminants" and make the list consistent with equivalent lists in all other rules.</p> <p>Create a new rule that is the equivalent of Rule 193 but that deals with river and stream mouth cutting in the beds of rivers (including streams) or otherwise ensure that appropriate provision is made for such activities in beds of rivers (including streams).</p>
Rule R194: Disturbance or damage - discretionary activity	NZ Transport Agency	S146/212	Support	Retain

Rule R194: Disturbance or damage - discretionary activity	Kiwi Rail Holdings Limited	S140/071	Support in part	The disturbance or damage of the foreshore or seabed outside a site or habitat identified in Schedule C (mana whenua), Schedule F4 (coastal sites) <u>unless located in the Commercial Port Area</u> , Schedule F5...
Rule R194: Disturbance or damage - discretionary activity	Wellington International Airport Limited	S282/070	Oppose	Delete R194
Rule R194: Disturbance or damage - discretionary activity	Joan Allin and Rob Crozier	S175/069	Amend	Reconsider the relationship between these general rules [R194 and R195] and all of the other rules, including the reference to "damage" that is missing from most of the other rules. Revise these and all other rules to address the concerns expressed throughout this submission. Consider whether diversion of water should be added. Ensure that any coastal hazard mitigation (including protection) activities, including soft and hard engineering activities, are no worse than discretionary activities.
Rule R194: Disturbance or damage - discretionary activity	Porirua City Council	S163/144	Amend	The following may need to be added: "that is not permitted by ... Rule R190..." [See submission point S163/143].
Rule R194: Disturbance or damage - discretionary activity	Coastal Ratepayers United Incorporated	S93/086	Amend	Reconsider the relationship between [R194 and R195] and all of the other rules, including their reference to "damage" that is missing from most of the other rules. Revise these and all other rules to address the concerns expressed throughout this submission. Ensure that any coastal hazard mitigation (including protection) activities, including soft and hard engineering activities, are no worse than discretionary activities.
Rule R195: Disturbance or damage inside sites of significance - non complying activity	NZ Transport Agency	S146/214	Oppose	Retain Rule 195, subject to providing for disturbance or damage of the foreshore or seabed inside a site of significance where associated with regionally significant infrastructure and where there is a functional or operational requirement.

Rule R195: Disturbance or damage inside sites of significance - non complying activity	Kiwi Rail Holdings Limited	S140/072	Support in part	Disturbance or damage of the foreshore or seabed inside a site or habitat identified in Schedule C (mana whenua), Schedule F4 (coastal sites)) <u>unless located in the Commercial Port Area...</u>
Rule R195: Disturbance or damage inside sites of significance - non complying activity	Hutt City Council	S84/028	Oppose	Amend Rule R195 and change the activity status from a non-complying activity to a discretionary activity.
Rule R195: Disturbance or damage inside sites of significance - non complying activity	GBC Winstone	S66/023	Amend	Add a note following Rule R195 to the effect that dredging for flood protection or erosion mitigation and associated disturbance and damage is covered in Rules R200 and R201.
Rule R195: Disturbance or damage inside sites of significance - non complying activity	Minister of Conservation	S75/172	Support	Retain as notified
Rule R195: Disturbance or damage inside sites of significance - non complying activity	Porirua City Council	S163/145	Amend	The following may need to be added: "that is not permitted by ... Rule R190..." [See submission point S163/143].
5.7.13 Motor vehicles on the foreshore	Claire Jones	S45/001	Amend	Either amend the rules [relating to vehicles on beaches] to make them stronger or make the rules more public with more signage, more profile in our local papers, more patrols of the beaches and stronger penalties for breaking the law. Educating the public is important.
Rule R196: Motor vehicles - permitted activity	CentrePort Properties Limited	S141/062	Support	Retain in its current form.

Rule R196: Motor vehicles - permitted activity	Hutt City Council	S84/011	Amend	Amend the activity status for disturbance in the coastal marine area to Discretionary Activity, regardless of whether it is located in an identified site of significance for birds. An exception could be provided to identified sites of significance to birds of outstanding value or for areas of high natural or rural character.
Rule R196: Motor vehicles - permitted activity	Conrad John Toussaint Edwards	S73/004	Amend	[See submission point S73/001].
Rule R196: Motor vehicles - permitted activity	Wellington City Council	S286/052	Amend	Clarify the relevant rule for boat launching at Makara Estuary and ensure it is a permitted activity. Clarify whether Rule 196 applies to the coastal road around the south coast (starting at Owhiro Quarry). Ensure that the identification of the coastal road as a site of significance to Mana Whenua does not preclude the ongoing use of the road by motor vehicles. Wellington
Rule R196: Motor vehicles - permitted activity	Don Long	S19/001	Amend	Amend the PNRP to reinforce the existing local body regulation that makes parking on the beach at Day's Bay a parking offence.
Rule R196: Motor vehicles - permitted activity	Joan Allin and Rob Crozier	S175/070	Oppose in part	Exclude from this rule the areas in districts where motor vehicles are not permitted (and areas seaward of those areas), including the area seaward of the houses on Rodney Avenue, Te Horo Beach. A suggestion is to create a new schedule and map, identify all of these areas, and exclude these areas from Rule R196 and, with appropriate exceptions, make such an activity a discretionary activity.
Rule R196: Motor vehicles - permitted activity	Titahi Bay Residents' Association	S272/002	Oppose	To have this provision amended to allow blanket resource consent for motor vehicles in the boat shed areas at the ends of the beach. That the local inner-beach boundaries of these areas be the streams across the beach at Bay Drive at the north end and south Beach Access Road at the south end. Amend to allow blanket resource consent for motor vehicles in the boat shed areas at the ends of the beach. That the RC application requires public notification, assessment of environmental effects and an agreed, practical, sustainable management plan to satisfactorily avoid, remedy, or mitigate the identified potential adverse environmental effects.

Rule R196: Motor vehicles - permitted activity	Titahi Bay Residents' Association	S272/006	Amend	Amendment to allow resource consent for special event motor vehicles in the central prohibited area of the beach. Support for this provision is contingent on first satisfying conditions of our submission Item 1. (ie RC conditions/agreement settled for the boat shed areas at the ends of the beach as a prerequisite to any possibility of RC for special activity in the central beach area).
Rule R196: Motor vehicles - permitted activity	Titahi Bay Residents' Association	S272/018	Oppose	Delete or alternatively qualify it with addition of "also", "under a local bylaw" to clarify wording.
Rule R196: Motor vehicles - permitted activity	William Craig Stewart Booth and Eleanor Joan Booth	S405/001	Amend	Amend the wording of Rule R196 (b), as follows: <u>'the activity is not within a site or habitat identified in Schedule C (mana whenua), Schedule E4 (archaeological sites), Schedule F2c (birds-coastal), Schedule F5 (coastal habitats) or Schedule J (geological features), unless a Resource Consent Application is approved as a 'Restricted Discretionary Activity'.</u>
Rule R196: Motor vehicles - permitted activity	Coastal Ratepayers United Incorporated	S93/086	Oppose in part	Exclude from this rule the areas in districts where motor vehicles are not permitted (and areas seaward of those areas). A suggestion is to create a new map, identify all of these areas and exclude these areas from Rule R196 and, with appropriate exceptions, make such an activity a discretionary activity.
Rule R197: Motor vehicles for certain purposes - permitted activity	Kapiti Coast District Council	S117/078	Support	Retain the provision
Rule R197: Motor vehicles for certain purposes - permitted activity	NZ Transport Agency	S146/215	Support in part	Amend Rule 197: The disturbance of the foreshore or seabed from motor vehicles in the coastal marine area, for the following purposes: (d) the <u>operation, maintenance, repair, upgrade and development</u> operation of regionally significant infrastructure is a permitted activity, provided the following conditions are met: (e) the vehicle shall take the most direct route, and shall only operate within the area necessary to carry out the activity to ensure minimal disturbance to the foreshore or seabed, and (f) the activity shall comply with the coastal management general conditions specified above in Section 5.7.2.

Rule R197: Motor vehicles for certain purposes - permitted activity	CentrePort Properties Limited	S141/063	Amend	The disturbance of the foreshore or seabed from motor vehicles in the coastal marine area, for the following purposes:(a) surf lifesaving operations... (d) the maintenance, upgrade and operation of regionally significant infrastructure <u>or</u> (e) use and development in the Lambton Harbour Area (Northern Zone). is a permitted activity, provided the following conditions are met:...

See the decisions sought in the rest of submission [S175].
Rule R207: Deposition for beach renourishment - controlled activity	Royal Forest and Bird Protection Society	S353/167	Support in part	Delete matter of control (5) and make the activity in sites identified in (5) a restricted discretionary activity with discretion reserved over whether the activity should be undertaken within that site.
Rule R207: Deposition for beach renourishment - controlled activity	Coastal Ratepayers United Incorporated	S93/106	Support in part	Add diversion of water to this rule and to all other relevant rules as deposition may divert water when the water reaches that area. Change (d) "by, or for, a local authority" to "by, or on behalf of, a local authority" and use that terminology consistently throughout the PNRP when reference is made to things being done by a local authority or local authority activities so it is clear that the work can be done by others who are not part of the local authority.
Rule R208: Deposition outside sites of significance - discretionary activity	NZ Transport Agency	S146/219	Support	Retain

Rule R208: Deposition outside sites of significance - discretionary activity	Minister of Conservation	S75/181	Support	Retain as notified
Rule R208: Deposition outside sites of significance - discretionary activity	Wellington International Airport Limited	S282/076	Oppose	WIAL seeks that the relationships between Rules R165, R166, R194, R204, R208, R210 and R216 be reviewed to ensure that unnecessary duplication of control is avoided and that an all-inclusive non-complying activity status is not applied to activities that are otherwise provided for by the Proposed Plan.
Rule R208: Deposition outside sites of significance - discretionary activity	Coastal Ratepayers United Incorporated	S93/106	Amend	Clarify if the structures or seawalls rules cover the deposition of material to protect those structures or whether rules R208 and R209 apply. Add reference to associated diversion of water. Add reference to occupation of space in the coastal marine area for whatever rules do apply to the material used to protect any structures or seawalls or other materials deposited for coastal hazard mitigation (including protection) activities.
Rule R209: Deposition inside sites of significance - non-complying activity	NZ Transport Agency	S146/221	Oppose	Retain Rule 209, subject to providing for deposition inside a site of significance where associated with regionally significant infrastructure
Rule R209: Deposition inside sites of significance - non-complying activity	Minister of Conservation	S75/182	Support	Retain as notified

Rule R209: Deposition inside sites of significance - non-complying activity	Joan Allin and Rob Crozier	S175/075	Amend	Revise the rule and related rules (or create new rules) to address the concerns expressed here and throughout this submission. Clarify if the structures or seawalls rules cover the deposition of material to protect those structures (where the material is not fixed to the land) or whether these rules apply. Add reference to associated diversion of water. Add reference to occupation of space in the coastal marine area for whatever rules do apply to the material used to protect any structures or seawalls or other materials deposited for coastal hazard mitigation (including protection) activities. In terms of categorisation of the activities, a suggestion is that deposition outside sites of significance should be a permitted, controlled or restricted discretionary activity with deposition inside sites of significance being a discretionary activity.
Rule R209: Deposition inside sites of significance - non-complying activity	Coastal Ratepayers United Incorporated	S93/106	Amend	Clarify if the structures or seawalls rules cover the deposition of material to protect those structures or whether rules R208 and R209 apply.
