Report to the Environment Committee
From Stephanie Livick, Account Manager, Consents Management

Decisions on Non-notified Resource Consent Applications

1. Purpose

To report on decisions made under delegated authority on non-notified resource consent applications.

2. Format

Our new database is up and running, and as a consequence, the format of our Non-Notified Consent Report has changed. From now on each resource consent we grant will be listed in a spreadsheet.

The order in which the resource consents are reported has changed too. Instead of the consents being reported by consent type, they are now reported by project number. Hence if a project involves more than one type of resource consent, the consents will be grouped together. The new layout should make it easier for you to get a picture of all of the works which are being undertaken in each location.

3. Resource Consents Approved

The resource consents we have approved between 6 July 1999 and 16 August 1999 are listed on the attached spreadsheet.

4. Recommendation

That the report be received and its contents noted.
