Report to Regional Land Transport Committee  
from John Holmes, Section Leader, Policy Advice, Environment Division

## **Environmental Issues Associated with Transmission Gully**

### **1. Purpose**

To provide the Committee with background information on the environmental issues associated with the Transmission Gully project.

### **2. Background**

Regional councillors have recently held workshops to consider various aspects of the Transmission Gully project. One area where councillors sought additional information was in relation to environmental issues raised by the proposal, and how those issues are being managed.

A background paper has been prepared covering the environmental issues associated with the project. A copy is attached to this report for the information of members of the Regional Land Transport Committee.

3. **Recommendation**

*That the report be received and the information noted.*

Report prepared by:

Approved for submission by:

JOHN HOLMES  
Section Leader, Policy Advice  
Environment Division

JANE BRADBURY  
Divisional Manager, Environment

DAVE WATSON
