

Friends of Belmont Regional Park

Our Vision

That Belmont Regional Park is enhanced and maintained in optimum condition for all to enjoy.

Who are the Friends?

- The Friends of Belmont have a common interest in the achievement of our Vision.
- The Friends come from a wide range of groups, organisations and individuals with a shared interest in the park.
- The Friends has established links to the Wellington Regional Council, Hutt City Council, Porirua City Council, Wellington City Council, the Wellington Tenth Trust, Landcorp and the Department of Conservation.

What do the Friends do?

- Act as a channel of communication between the community and the statutory bodies responsible for managing the park.
- Work closely with all interested parties in order that the park may be retained and managed in a suitable manner for all to enjoy.
- Provide advocacy for educational opportunities so that people may respect and protect the park and its environment, and enjoy its natural values and amenities.
- Encourage the recognition and protection of the cultural, historical and geological sites within the park environment.
- Identify opportunities for rehabilitation of the park environment, and do something about them.
- Encourage and facilitate the involvement of the community and the landowners who live adjacent to the park to participate in the achievement of the Vision.

Interested?

Our working group is up and running.
