Dear Nigel

Draft SCI for 2003104

The purpose of this letter is to provide you with further feedback on the draft SCI of CentrePort for 2003/04.

This is in addition to the feedback already provided to you by Port Investments Ltd.

The Council has asked me to pass on to you and your Board that they would like to see more extensive reporting in future of the breakdown of results between port operations and the property side of the business.

In addition, the Council is not convinced that the social performance indicators included within the draft SCI are complete or appropriate in all cases.

Thank you for the opportunity to comment on the draft SCI.

Yours sincerely

Greg Schollum
Chief Financial Officer
