

Selection of participant feedback

Regional Outdoors Programme 2007

We have had a lot of positive feedback. Below are examples from some of the trips on the Regional Outdoors Programme 2007.

Event	Comment
Lighthouse and Lakes	Well I'm very glad I took that trip. It was very worthwhile, well organised and the scenery superb - not to mention the weather.
Rimutaka Rail Trail	What a truly wonderful trip we had to the Rimutaka Incline today. Everything went so smoothly, and the Parks team were absolutely wonderful and so helpful. We enjoyed everything about the day. How did you organise the weather so well? Please pass on our thanks to all your team for a job really well done.
Ridge Track Adventure	Wicked day, great walk, will recommend it :)
Kev the Wandering Kiwi 2 – Wainuiomata	Gums Loop - was very easy but most of all it was a lovely lovely area. The weather was borderline and damp which added to the experience. Nice to have coffee and portaloos provided
Go Bush! Mountain Safety Bushcraft Course	This is great introduction course and extremely accessible both financially and closeness to wellington. Thank you very much.
Upper Gollans Valley Off-track Adventure	Staff were great, informative, friendly, approachable. The group were nice & respectful of each other. Most seemed to know each other thru various other regional events. Thanks for organising these events for the public - reasonably priced too!
Lower Gollans Valley Off-track Adventure	Excellent Program. Provides opportunity to tramp with a group instead of on your own. Opportunity to be in off track areas with helpful guides.
Kaitoke Water Walk	Kia ora for organising this. It was an excellent morning and very informative. The bush at Kaitoke is both magnificent and inspiring.
Botany of the Dunes	Thanks very much for organising the trip last Saturday morning. I didn't fill in a feedback form but thought it was a very good trip - well organised, heaps of information and a nice variety of sites to visit. Chris and Barbara are very good at sharing their extensive knowledge of plants and work well together. Please would you pass on my thanks to them.

Bush, Bridges and bbq	Steve, thank you for a very interesting tour to-day. Sorry we did not say goodbye but I am anxious that you know how much we appreciated your interesting tour and how your professional attitude and good care of such a diverse bunch made this a very enjoyable outing.
Have-a-go Horse Riding	My boy Matthew really enjoyed the horseriding on Saturday - it was a lovely day. Dean did a great job welcoming everybody and the team from the riding school are great.
Old Coach Road	I'd like to provide feedback on Old Coach. Found it brilliant. Good presenters with great anecdotal stories. And I was surprised and pleased to receive the pack they provided which meant I could learn a lot more about the area. I would highly recommend this for other groups.
Project Pateke	Ranger talks very good. Good voice. Good information.
Mt Climie	Beautiful place, great event! Our driver Graham was well informed and shared his knowledge with us. All in all, excellent stuff. Learned about what GW is up to. Good work guys! Thanks
