

Report 08.240
Date 14 April 2008
File ENV/01/08/04

Committee Regulatory Committee
Author Stephen Thawley, Team Leader, Environmental Regulation

Decisions on non-notified resource consent applications

1. Purpose

To report on decisions made under delegated authority on non-notified resource consent applications.

2. Non-notified resource consents

A total of 62 resource consents were approved between 1 March 2008 and 4 April 2008. These are summarised in the table below.

	Coastal permit	Discharge permit	Land use consent	Water permit
WCC	1		1	1
PCC		2	2	
HCC			5	
UHCC		2	2	1
KCDC			12	
MDC		2	4	1
CDC		1	10	3
SWDC		3	7	2
Total	1	10	43	8

2.1 Consent trends

This compares to a total of 91 granted in the previous reporting period (1 January 2008 to 29 February 2008), and comparative consent data is provided below.

	Coastal permit	Discharge permit	Land use consent	Water permit
WCC	1		3	1
PCC			2	
HCC	1	1	3	2
UHCC			2	
KCDC			14	3
MDC		3	18	2
CDC		2	15	1
SWDC		1	16	
Total	2	7	73	9

2.2 Significant non-notified resource consents

There were no significant non-notified resource consents issued during the period. The number of bore permit applications lodged and granted continues to remain above average, particularly on the eastern side of the region. This is in part due to the low groundwater levels being experienced in this part of the region during the period.

3. Communication

No further public communication is necessary for this report.

4. Recommendation

It is recommended that the Committee:

1. ***Receives the report; and***
2. ***Notes the contents.***
