

Report 08.245
Date 14 April 2008
File E/06/31/03

Committee Regulatory Committee
Author Nigel Corry Divisional Manager, Environment
Management

Divisional Manager's report

1. Purpose

To inform the Committee about activities that promote the sustainable management of the region's natural and physical resources by overseeing the Council's regulatory responsibilities in relation to resource management and harbour navigation and safety.

2. Managers' reports

Managers' reports from the Environmental Policy, Environmental Monitoring and Investigations, Environmental Regulation and Harbours Departments follow as **Attachment 1**.

3. Beacon Hill Visit

At the conclusion of the Regulatory Committee a visit to the Beacon Hill Signal Station will take place for members of the Committee, and other interested Councillors. As you are aware, we are progressing work around the construction of a new facility at Beacon Hill, and this trip will allow Councillors to see the existing signal station, as well as the location and some initial plans of where the new station will be located. It is anticipated that this trip will take around one hour, door to door, from the Regional Council Centre.

4. Recommendations

That the Committee:

1. **Receives the report; and**
2. **Notes the content.**

Report prepared by:

Nigel Corry
Divisional Manager,
Environment Management
