

Attachment 1: Hazardous Activities and Industries List

The Hazardous Activities and Industries List (HAIL) is a compilation of activities and industries that are considered likely to cause land contamination resulting from hazardous substance use, storage or disposal. The listing is tabulated below, further detail can be found at:

<http://www.mfe.govt.nz/issues/hazardous/contaminated/hazardous-activities-industries-list.html>

1. Abrasive blasting	19. Electronics manufacture/reconditioning	37. Pharmaceutical manufacture
2. Acid/alkali plant	20. Engine reconditioning	38. Port activities
3. Agrichemical spray contractor premises	21. Explosive production or storage	39. Power stations and switchyards
4. Airports	22. Fertiliser manufacture/bulk storage	40. Printing- commercial premises
5. Analysts	23. Foundry operations	41. Railway yards
6. Asbestos production & disposal	24. Gasworks	42. Sawmills
7. Asphalt/bitumen manufacture/storage	25. Gun, pistol or rifle ranges	43. Scrap yards
8. Battery manufacture/recycling	26. Iron and steel works	44. Service stations
9. Brake lining manufacturers/repairer/ recyclers	27. Landfill sites	45. Smelting or refining
10. Cement or lime manufacturing	28. Livestock dip or spray race	46. Tannery, fellmongery or hide curing
11. Cemeteries	29. Market gardens, orchards, glass houses etc.	47. Transport depots
12. Chemical manufacture/formulation/bulk storage	30. Metal treatment or coating	48. Storage tanks and drum storage
13. Coal and coke yards	31. Mining and extractive industries and mineral processing	49. Waste storage, treatment and/or disposal
14. Concrete manufacture and bulk cement storage	32. Motor vehicle workshops	50. Wood treatment and preservation and bulk storage of treated timber
15. Defence works and establishments	33. Paint manufacture and formulation	51. Wool, hide and skin merchants
16. Drum and tank reconditioning/recycling	34. Pest control- commercial premises	52. Any site that has been, or could be, subject to the migration of hazardous substances
17. Dry cleaning plants	35. Pesticide manufacture	53. Any other facility or activity that stores, uses or disposes of hazardous substances in sufficient quantity that intentional or accidental discharge of the substance could be a risk to human health or the environment
18. Electrical transformers manufacture/repair/disposal	36. Petroleum or petrochemical industries
