The specific provision(s) of the Proposed Natural Resources Plan that my submission relates to is: Please specify the provision/section number:

My submission on this provision is: S5 R124

- I support the provision
- I oppose the provision
- I wish to have the specific provision amended

Wellington Regional Council  
25 SEP 2015

Reasons for my submission: The rule does not make it unambiguously clear that the rule permits entry and passage across but not along a river "bed".

I seek the following decision from WRC (give precise details): Amend the rule to state that the rule does not permit access along a river "bed". In order to restrict access to private land along a river "bed" the word "directly" should precede the word across.

**The specific provision(s) of the Proposed Natural Resources Plan that my submission relates to is: Please specify the provision/section number:**

My submission on this provision is: 55

- I support the provision
- I oppose the provision
- I wish to have the specific provision amended

Reasons for my submission: Concise - due to its absence - is a rule which unambiguously explains how one establishes precisely the extent of a river "bed" - as that term is defined in the RMA.

I seek the following decision from WRC (give precise details): Add a rule (or definition) which explains how one establishes the extent of a river "bed" in those many circumstances where the river "bed" extent has not already been lawfully established.
