**NOTICE OF INTENTION TO BE A PARTY TO PROCEEDINGS
UNDER SECTION 274 OF THE RESOURCE MANAGEMENT ACT
1991**

1. The Guildford Timber Company Limited (**GTC**) wish to be a party to the following proceedings:
 - a) Wellington Water Limited's (**WWL**) appeal against the decision of the Wellington Regional Council on proposed Plan Change 1 to the Wellington Regional Policy Statement.
2. GTC has an interest in the proceedings that is greater than the interest that the general public has as it owns a large greenfield site (330ha) in Upper Hutt much of which is currently in commercial forestry known as the Southern Growth Area and has prepared a Masterplan for the development of its land for residential and mixed used development. The Southern Growth Area is affected by the provisions of proposed Plan Change 1. The GTC land had previously been identified as a Future Grown Area in the Wellington Regional Council's Future Development Strategy (FDS). GTC's land has subsequently been left out of the recent FDS. Development of the Southern Growth Area for up to 2040 residential homes is listed as a project under the Fast Track Approvals Bill and GTC has sought to rezone its land via submission on UHCC Proposed Plan Change 50. Development of GTC's land will be directly affected by the provisions of RPS-0PC1 including policy shifts in management of significant, indigenous biodiversity, Greenfield development, transport, stormwater and forestry in the region.
3. GTC is not a trade competitor for the purposes of section 308C or 308CA of the Resource Management Act 1991.
4. GTC is directly affected by an effect of the subject of the appeal that—
 - (a) adversely affects the environment; and
 - (b) does not relate to trade competition or the effects of trade competition.
5. GTC is interested in **all** of the proceedings. The part of the proceedings GTC is interested in is:
 - a) Definitions of '*hydraulic neutrality*' and '*undeveloped state*';
 - b) Decisions version of new Policy FW.X.

6. GTC is interested in the following particular issues addressed in the appeal that would result in changes to the RPS- PC1 that would:
 - a) Properly recognises the importance and benefits to the region of appropriately located and well-designed greenfield housing development to achieve well-functioning urban development and rural areas;
 - b) Provides policy support for greenfield development that contributes to well-functioning urban development and rural areas;
 - c) Introduces policy that gives effect to the NPS-FM and NPS-UD in a more balanced way than the notified version of PC1;
 - d) Does not include unduly restrictive references to compact urban form that would limit greenfield development, including integrating land use and transportation.
7. GTC **supports in part and opposes in part** the requested relief sought by WWL's appeal in relation the definition of '*hydraulic neutrality*' and '*undeveloped state*' and Policy FW-X to the extent that they address or achieve the outcomes listed in paragraph 6 above.
8. GTC agree to participate in mediation or other alternative dispute resolution of the proceedings.
