To The Registrar
Environment Court
Wellington

**NOTICE OF INTENTION TO BE A PARTY TO PROCEEDINGS
UNDER SECTION 274**

1. Waikanae North Developments Limited (**WNDL**) wishes to be a party to the following proceeding:
 - a) Kapiti Coast District Council's (**KCDC**) appeal against the decision of the Wellington Regional Council on proposed Plan Change 1 to the Wellington Regional Policy Statement.
2. WNDL made a submission and further submission on Change 1.
3. WNDL has an interest in the proceedings that is greater than the interest that the general public has. WNDL is a land developer and owns a large greenfields site at Waikanae. The WNDL site has been identified as a high priority development and is a listed project under the Fast Track Approvals Bill. It is a regionally significant land development project. The WNDL site is affected by the provisions of proposed Plan Change 1.
4. WNDL is not a trade competitor for the purposes of section 308 of the Resource Management Act 1991.
5. WNDL is interested in **all** of the proceeding, and in particular any aspects that could result in changes to the RPS- PC1 that assist to ensure that PC-1 (and the RPS):
 - (a) properly recognises the importance and benefits of appropriately located and well-designed greenfield housing developments;
 - (b) provides policy support for greenfield housing in the region;

- (c) ensures that land that is suitable for greenfield housing development is not sterilised as a result of the Policy framework implemented through RPS-PC-1;
 - (d) introduces policy that gives effect to NPS-FM and NPS-UD in a more balanced way than the notified version, by ensuring that it gives appropriate recognition to the use as well as to the protection elements of National Directions;
 - (e) does not overreach by attempting to manage the effects of climate through planning instruments in a manner that fails to adequately recognise and provide for the benefits of greenfield housing and other development and which does not properly recognise the relative efficiency of other policy, statutory and economic levers to manage greenhouse gas emissions, rather than attempting to manage these effects indirectly and inefficiently by restricting greenfield housing opportunities and other activities; and
 - (f) avoids unnecessary duplication or repetition.
6. WNDL **supports** the requested relief sought by KCDC's appeal, to the extent it is consistent with the relief sought by WNDL, and **opposes** the requested relief sought by KCDC's appeal, to the extent it is inconsistent with or would not achieve the relief sought by WNDL.
7. WNDL agrees to participate in mediation or other alternative dispute resolution of the proceedings.

Dated: 8 December 2024.
